Paituli is an open spatial data download service. Paituli provides several datasets from multiple data providers. These providers include

- Digital Geography Lab
- Finnish Meteorological Institute
- Finnish Transport Infrastructure Agency (Digiroad)
- National Land Survey
- Statistics Finland
- University of Helsinki

1) Follow the link: www.csc.fi/paituli. Choose "Download data" from the options.

2) Select the data producer, data and other options. You can search mapsheets by typing its name, or by clicking from the map.

Select dataset:

Producer: Finnish Transport Infrastructure Agency

Data: Digiroad road and street database

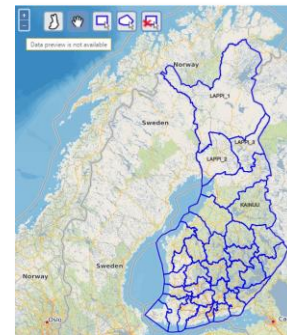

Scale: 1:10 000

Year: 2020

Format: SHAPE, K format

Coordinate system: ETRS-TM35FIN

Search mapsheets

3) Click "Download zip file" write your email-address where you want the download link to be sent. The download link will appear to your email shortly.
