

### **Task: Glass identification**

**Objective:** You can choose the right glass for the right drink.

**Purpose:** You can identify different drinking glasses based on their shape and intended use.

#### **Pair or group exercise:**

1. Identify together the glasses in the display case of the training restaurant. The glasses have been numbered from 1 to 16.
2. Answer together: What is the name of the glass? What drinks could be served in this glass?
3. Fill in the answers to the task in the table.

**Tip:** If the task seems difficult, look for information on the internet.
